

Covid-19 Safety Protocol

CONTROL MEASURES

Creating a more safe space

- The curtains between Courts 1 & 2 and 3 & 4 will be lowered during game times
- Additional enter/exit points have been made available at the rear of Courts 2, 3 & 4.
 - Feel free to enter & exit near the toilets, as well. Please check-in at the nearest QR code upon entering.
 - These doors will remain open throughout Senior programs. Additional signage will be in the car park to make drivers aware of increased foot traffic.
- The blue carpeted seating blocks will be staggered on the sidelines of each court to discourage large groups congregating in close physical proximity to each other
- **NO** player will be allowed to play **MULTIPLE GAMES** in one night. Play **ONE GAME ONLY** then leave promptly to limit potential exposure while also staying active.

Responding to positive Covid-19 cases?

There may be instances where multiple team members or whole teams are required to quarantine for a period of time (as determined by SA Health). Due to the unpredictable nature of such occurrences, STARplex will (in these circumstances):

- Consider waivers for team payments for forfeited games (evidence may be required)
- Where more than 50% of teams in the same division or grade is affected, the associated round may be canceled and no make-up games scheduled.

Close contacts*

- Close contacts = teammates
- 'Potential' close contacts = opponents
- Low risk contacts = referees
- Masked spectators and scorers/timekeepers will NOT be classified as close contacts

* as defined by STARplex in relation to our sporting programs | Go to [SA HEALTH](#) for updates 1
